### IN THE CLAIMS

Please amend the Claims pursuant to 37 C.F.R. § 1.121 as follows:

1. (Amended) A method for facilitating a chat session between a first user and a second user visiting a first web site, comprising:

receiving, from the first user, a first user ID corresponding to the first user, a co-branded community to which the user belongs and an address of a first web site being visited by the first user;

receiving, from the second user, a second user ID corresponding to the second user, a second co-branded community to which the second user belongs and the address of the first web [server]site;

providing, to the first user, at least an indication of the second user ID and the second co-branded community;

receiving, from the first user, a request to open one of a public chat session, a semi-public chat session and a private chat session with the second user;

transmitting, to the second user, an indication that the first user has requested one of the public chat session, the semi-public chat session and the private chat session; and

receiving, from the second user, an acceptance to enter the chat session designated by the first user.
